

LCPC 450 Plate Compactor

- Mid weight professional multi-purpose compaction plate Heavyduty and rugged design
- Single direction plate with high amplitude vibration designed for cohesive soil/macadam surface & asphalt
- Available in size of 350mm , 400mm and 450mm
- High performance compaction & travel speeds
- Very effective compaction in heavy soil conditions
- High compaction force for fast work and deep compaction
- Fast travel speed for fast work
- 8 mm thick long life base plate for optimum compaction & reliability

Model	LCPC 450 (201.45.00000)
Plate Size (L x M) (mm)	690 x 450
Centrifugal Force (kN)	18
Operating Speed (m/min)	24
Max Gradeability	30
Frequency	90
Compacted Area (m ² /h)	600
Operation Weight (kg)	74
Engine	Product Code
Honda GX-160 (5.5HP)	201.45.10001
Robin EX-17 (6.0HP)	201.45.10002
Vibtech V-Power VWM 65 (6.5HP)	201.45.10003
