

ROAD CURB MACHINE

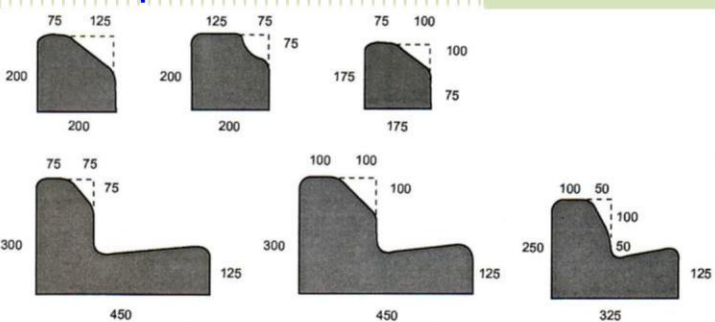

**HIGH PERFORMANCE
LOW COST
A QUALITY PRODUCT**

TW 5000 has been designed in line with development and improved technologies in the mechanical and hydraulic fields, it is economical, competitive, affordable, versatile, durable, practical, efficient, safe and maintenance low. Also all parts and components are easily available locally.

The Road Curb Machine bring you smooth and fine finishing work, greater consistency, faster production, increase profit and enhances environmental architectural beauty.

**On request / Custom made
Mould Shape for Road Curb Machine**

Model	TW 5000
Max. Mould Size (WxH) (mm)	900 x 450
Extrusion Per Day	500 mtrs
Engine	ZS Power GB750
Engine Type	Air-Cooled Gasoline
Max. Output (hp/rpm)	22 / 3600
Starter System	Key Start
Steering	Hydraulics
Weight (Kg)	1200
Dimension (LxWxH) (mm)	2720 x 800 x 800
